The 47th International Food and Beverage Exhibition

FOODEX JAPAN 2022

Important Announcement on Application Date

Dear FOODEX JAPAN overseas exhibitors,

First of all, we must show our sincere appreciation regarding the perpetual support to the FOODEX.

We understand how difficult situation the pandemic creates and appreciate for your effort to find out the best solutions for exhibitors.

It has been reported that the Japanese government is going to rejuvenate the economy as the number of people who are vaccinated has been increasing in Japan. We believe that this will give positive impact on the international travel regulation between foreign countries and Japan.

Thus, considering the current circumstances, we have decided to extend the deadline for application. **November 30th, 2021** is now the application date.

In order to make the exhibition successful for all companies, we will continue to dedicate ourselves to make further essential actions.

Sincerely,

FOODEX JAPAN Secretariat
